
FULFILLMENT RESOURCES

DIY FULFILLMENT

Shipping software is a web-based software to help process, fulfill, and ship your orders. Shipping software options include:

- ShipStation
- Pirate Ship
- GoShippo
- ShippingEasy
- EasyShip
- Shipworks

Most shipping software will include free tracking emails. Make sure you use this to help with customer service emails!

DIY CONSIDERATIONS

A few things that will impact your price:

- Weight of package
- Size of Package
- Oddly shaped packages
- Shipping Zone
- International Shipping

FULFILLMENT PARTNERS

Many races find that it's worth the additional cost to work with a fulfillment partner to handle the packaging, shipping, and tracking. There are *many* of these out there.

Timers: many timers have added fulfillment to their repertoire. Ask you timer if they can help.
